Vehicle found at lcvs.co.uk

Land Rover 101 Land Rover Forward Control.

WAS £21,500

NOW £19,500

Engine: **3.5 Litre Petrol**

Age: **1976 / P Plate**

Transmission:

Colour: **Blue**

Mileage: **3100 miles**

Body: **3 door Four Wheel Drive**

These 101 Forward Controls are getting hard to find. This one has been rebuilt at some point and the chassis has been painted red before being rebuilt in Blue. Its powered by a 3.5 V8 petrol that runs really good and the gearbox alos operates as it should through the gears. Only covered 3100 since rebuild in 2006.

Two seats in the front and 10 bucket seats in the rear that have been fitted inward facing all with Lap belts.

The canvas is supported by a Heavy duty Roll over Hoops.

This one is fitted with a Winch, Tow bar and the hood is like new. The chassis is rust free as you can see from the pictures. It has also had a new Stainless Steel fuel tank fitted.

Spare wheel mounted in the rear of the vehicle as it should be.

£19,500.00
