Mileage: **87635 miles**

Body: **4 door Pickup**

Ebony Leather Interior interior, This 2018 Ford Ranger 3.2 TDCi Wildtrak offers a robust and capable driving experience for those needing a reliable workhorse. As a four door, four wheel drive vehicle, this model is powered by a 3.2 litre diesel engine and features the well equipped Wildtrak trim. Inside, the cabin is designed for comfort and convenience, featuring dual zone electronic automatic temperature control with climate control, along with heated front seats for colder days. Technology is integrated throughout, including Bluetooth audio streaming and a rear view camera with parking assistance to aid with manoeuvring. The exterior is equipped with automatic headlights that activate when needed, ensuring visibility is managed effortlessly.

The 3.2 litre engine provides significant power, which is complemented by a towing capacity of 3500 kg, making this vehicle well suited for heavy duty tasks and towing requirements. The combination of the four wheel drive system and the automatic transmission allows for confident handling across various terrains and conditions. By including practical features such as the rear view camera and climate control as standard, this Ranger provides a level of utility and driver comfort that stands out in the pickup truck segment.
