Mileage:	**67983 miles**	Body:	**5 door Panel Van**

Ebony Cloth Interior interior, This 2017 Volkswagen Transporter is a 2.0 TDI T28 Highline model that offers a practical solution for those needing a reliable commercial vehicle. It is powered by a 2.0 litre diesel engine and meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. With a recorded mileage of 67,000 miles, this vehicle has covered a relatively low distance for its age, suggesting it has been used sparingly. As a Highline trim, it comes well equipped with a range of standard features designed to improve the driving experience.

The vehicle is designed with efficiency and convenience in mind, boasting a fuel economy of 47 mpg and low CO2 emissions, which helps to keep running costs manageable. It also falls into a low insurance group, making it an economical choice for owners. The cabin is equipped with a semi-automatic climatic air conditioning system to maintain a comfortable temperature, while the Bluetooth hands-free set allows for safe communication on the move. Parking is made simpler by the rear sensors, and the automatic headlight activation, which includes daytime running lights and a coming home function, provides added visibility and ease of use in various lighting conditions.
